PROFESSIONAL EXPERIENCE

JUNIOR FRONTEND DEVELOPER

Personal projects during CareerFoundry Full-stack Web Development Program

August 2022 - ongoing

- Developed several projects, some of which are:
1. movie app frontends in React and Angular
2. a chat app in React Native (using Expo and Google Firebase)
3. a movie API in Node.js and MongoDB
4. an event app in React as a PWA
5. a jQuery to-do list app, etc.

All projects can be found in my portfolio and on github.

SCHOOL PSYCHOLOGIST

"Jovan Jovanovic Zmaj" Elementary School

Novi Sad, Serbia

September 2018 - October 2021

- *Conducted* 1-on-1 counseling sessions with students and parents.
- Implemented, administered and was main point of contact for users of three online platforms, which resulted in many school processes being digitalized.
- Created user manuals for the said platforms, speeding up the transition to digital platforms and making more users willing to use them.
- Ran surveys and descriptive statistic, wrote reports, which provided different stakeholders with feedback we later used for improving school practices.

COUNSELING PSYCHOLOGIST
Ubuntu center for growth and development
2016 - 2018
- I was a psychological counselor under supervision, working with people with different backgrounds.

CAREER COUNSELOR
Center for career development UNS
Novi Sad, Serbia
2015- 2016
- Managed the Center's social media and job boards, which led to more students finding an apprenticeship or job most suited for them.
- Organized interviews and was part of the selection committee for apprenticeships.

EDUCATION
